

# Elections Today, Tomorrow

## Presidential Candidate

LEVELL HOLMES

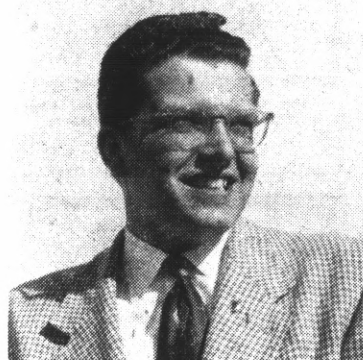

I feel that all too few of us know about student government and its effects on our college life. Briefly I would say that the over-all goals of student government are that of rendering personal services to the students and giving the students an opportunity to put into practice the theories of democracy. In putting these theories into practice, however, problems are encountered.

Three problems in student government which definitely need improvement are: 1) better communication; 2) broader range of activities to provide interest for older students; 3) reduction of prices in the College Union.

I will strive to improve communications by providing more finances for publications, and to allow more freedom in matters of communication.

I will seek to broaden activities (Continued on Page 6)

## Candidate for Treasurer

DAVID A. KASHUBECK

The growth of San Francisco State college has been dynamic. I believe that we must continue to move our Associated Student organization forward so that its policies continually broaden and that it financially supports the activities of all the students.

With these basic goals in mind I offer for your consideration the following three points.

1—Funds should be distributed to organizations on the basis of student interest in their activities.

2—Organizations sponsoring activities of interest to the general student body should receive appropriate financial support.

3—Establish a system of better intra-campus communication so that the Board of Control may appropriate funds with the full knowledge of the wishes of the student body.

I have served on the Board of Control and understand its functions. Also, I have just been appointed to the Board of Governors of the San Francisco State Foundation. I have participated in numerous other student activities.

I believe that through an attempt to promote this program that the Associated Students can better serve you. Therefore I ask you to put this program into effect by your vote.

## Vote in Gator Swamp; Polls Are Open 9 to 4

By CHUCK MENDOZA

Election polls in the Gator Swamp open at 9 this morning to handle what Election Committee Chairman Dick Laine hopes will be a record vote. The polls will close at 4 p. m. today and will be open from 9 a. m. to 4 p. m. tomorrow.

Run-off elections will be held next Thursday and Friday, April 27 and 28.

### VOTE OF 2000 EXPECTED

Earlier this week, Laine expressed the belief that 2000 students would cast lots for their choices in the general student body and class elections. This number would surpass the record set in 1953 by some 700 votes.

By centralizing 14 voting machines in the Swamp, the elections committee hopes to simplify the method of voting and in doing so cut down on the amount of time it takes one person to vote. In the past, the machines have been divided among three or four spots on the campus.

### WRITE-IN QUESTIONED

During the special elections held in February, the question of the validity of write-in votes was raised. No official ruling was made at that time. However, the election com-

mittee in drawing up the rules for this election in Article 8, Section 6, states: "Write-in votes are illegal. All write-in votes for candidates not appearing on the official list of candidates will be considered invalid."

### TWO-WAY PREXY RACE

In a two-way race for the 1955-56 President of the Student Body will be LeVell Holmes and J. P. Maxwell.

Along with the presidential hopefuls, the candidates for other positions in the ASSFSC are:

Vice President: Dale Christensen, Mario Hidalgo, Jack Rogers.

Treasurer: Robin Dempster, Dave Kashubeck.

Secretary: Suzanne O'Brien, Cynthia Jones.

Activities Commissioner: Dan Caldwell, Ruben Garcia, Vince Raffello.

### REP-AT-LARGE POSTS

Charged with representing the entire campus are the Representatives-at-Large. There are eight representative posts divided into the categories over 60 units; under 60, but over 32 units; and under 32 units.

Running unopposed for the four rep posts over 60 units are: Cherie Duckworth, Bernie

Johnston, Stanley Lager and Walt Warren.

### OVER 32 UNITS

Candidates for two positions under 60 but over 32 units are Fred Baguio, Kenneth Dempster, and Ed Sullivan.

One of the two representative posts under 32 units will be filled by Jo Anne Gordohn. The other position was not petitioned for and will have to be filled by a special election next semester.

### YELL LEADER ELECTED

An addition to this year's ballot will be that of head yell leader. In the past the head yell leader was appointed, but recent action by the Board of Directors made this an elected position. Mike Mahan and Jack Pease are candidates for this post.

### CLASS OFFICERS

All positions for class officers that were petitioned for and running unopposed:

Senior Class: President, Ed Soderman; secretary-treasurer, Bob Foster.

Junior Class: President, Dan Hickey; vice president, Ted O'Roke.

Sophomore Class: President, Lou Walts.

The Freshman Class will elect officers next semester.

## Presidential Candidate

JOHN P. MAXWELL

It is my sincere desire and hope to serve you, the student body, as the president of your Associated Students.

I submit to you six main innovations for your approval in the forthcoming elections:

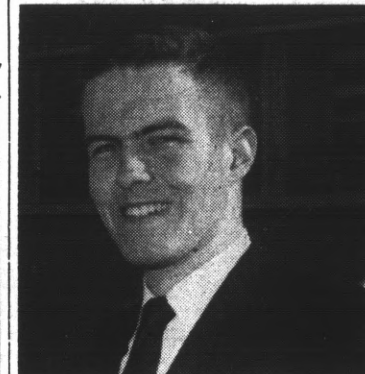

1—Joint Committee of Students and Faculty, the purpose to be the discussion and evaluation of S. F. State's curriculum in open forum.

2—Free Speech for Publications can be accomplished by a Board of Publications that is divorced from student government and the college administration. The board can be comprised of students and faculty who have an understanding of what constitutes ethical journalism.

3—Student Transportation Rates: I believe a majority of the students commute by public transportation. If elected I will lobby for a return of a college student reduced rate—the old "streetcar ticket."

4—Writing Center for San Francisco State college financed and supported by the Association (Continued on Page 6)

## Candidate for Treasurer

ROBIN DEMPSTER

The office of Associated Students' treasurer is one of the most important positions on the Board of Directors. The treasurer is responsible for the administration of thousands of student dollars. He should be experienced in as much of student government as possible as well as an administrator.

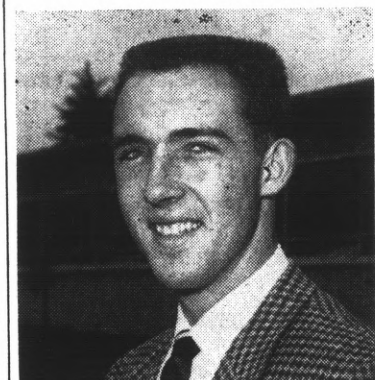

I have had opportunities to participate in several phases of student government. I was fortunate enough to be elected vice president after a semester as representative-at-large. In both offices I have had the chance to serve on and lead committees which widened my understanding of student affairs.

There is more to a good student officer than experience, however. It is necessary to realize that student government is far from the organization some of its members think it is.

It is at best an attempt to govern student affairs in as democratic a manner as possible. It is at worst a closed group which does little to serve the students.

The next BOD is now in the hands of the students. With real student support it can be the best and most representative board yet. I hope that the voters give me a chance to be treasurer on such a board.

## Candidates for Vice President

DALE CHRISTENSEN

The organizations on this campus should have a stronger voice and a closer liaison with the students and student government. This can be accomplished through proper use of the Organizations Board.

This board can help the students and organizations through technical know-how and financial assistance from the Associated Students.

My stay at S. F. State started as a freshman in 1950, and I continued here until being called to active duty with the Navy in February, 1952.

Upon returning to State in 1954, I began my career in student government and activities by being director of the student guide service for dedication, president and vice president of various organizations on campus; in charge of traffic on registration days, and presently am a representative-at-large on the Board of Directors, representative from the Associated Students to the College Health Council, member of the Board of Publications, and have worked on various committees. I also will be a (Continued on Page 6)

Personal prestige and ambition are not my goals or my aims in running for student body vice president. I have always been interested in serving my fellow students during my college years.

I am one of those ardent admirers of this institution and

MARIO A. HIDALGO

of the education that I am getting from it; so it is my wish and desire to further the cause and the good name of this great institution, and to see that students get full advantage and use of this wonderful college.

I am for strengthening and increasing student activities in a wide variety, so that it will meet the needs and satisfaction of each student on this campus.

I have served in many organizations and activities of this college and I intend to keep on serving my fellow students and this fine institution to the best of my ability. These are my great and foremost objectives if I am elected vice president.

JACK ROGERS

To the Students of State College: I solicit your votes for the office of vice president of ASSFSC. I am a 24-year-old veteran of the Korea War, and a social science major. I know the problems of the "older" students, the veteran, and the future teacher.

I have been active in veterans' work since my discharge from the Air Force three years ago, and I am at present an adjutant in the VFW and a candidate for Junior Vice Commander of my post.

I have participated extensively in veterans' welfare work and civic work in connection with this group. I believe that I am qualified to serve you.

I believe that a more active student government is a necessity at State college. If I am elected, I will do all in my power to alter the tradition of ineffectual government.

I believe, also, that more of the school problems should be brought to the attention of the students who are affected by them.

Let's have a student government that has meaning for all the students.

## HERB DOWER'S

## Golden Murals

Today is the day when all eyes on the campus will be focused on the intramural track and field finals being held between the hours and 12 and 2 o'clock on the State track.

The track meet has a long history behind it, dating back as far as 1931 when the sophomore class showed its heels to the rest of the student body.

Since that time, the event has grown to become one of the foremost events on the campus. Each year, the male students shed their books and their worries to compete for their class, their fraternity, or their club.

Alpha Zeta Sigma has captured four team championships: in 1949, 1950, 1951, and 1952. East Bay A. C. broke this string in 1953, and Kappa Omega copped the honors last year, edging out Delta Phi Gamma and East Bay.

The sophomore class leads in class championships with seven, followed by the juniors with five, the seniors and frosh with two each, and the grads with one. Last year, the junior class prevailed, followed closely by the sophomores and seniors.

The trials and heats for the 50-yd. dash, 110-yd. dash, 440, discus, 12 and 16-lb. shot, and the broad jump were held yesterday and Tuesday. The finals for these events and the 880-yd. run, the four-man medley relay, and the eight-man sprint relay, the special relay, and the rest of the field events will be run off today.

The events are scheduled to begin at the following times: 12—all field events; 12:20—the opening ceremony; 12:30—880-yd. run; 12:40—440-yd. dash; 12:50—100-yd. dash; 1:00—50-yd. dash; 1:10—special interfraternity shuttle relay; 1:20—four-man medley relay; 1:30—eight-man sprint relay.

The 1955 edition will be trying to crack several of the records which have stood up for years. Here are the individual records set in these events: 50-yd. dash, 5.6, run by Art Valverde of AZS; 100-yd. dash, 10.3, set by C. Miller of Merced A. C.; 440-yd. dash, 57.3, set by George Wehner of East Bay A. C.; 880-yd. run, 2:16, set by Bob Payne of East Bay A. C.; four-man medley relay, 1:15, set by St. Mary's A. C.; eight-man sprint relay, :51, set by

Alpha Zeta Sigma; pole vault, 10 ft. 6 in., set by George Schaudra competing independently; broad jump, 22 ft. 10 in., set by Bill Olsen of Oakland A. C.; high jump, 5 ft. 10 in., set by Gene Busby of Rock A. C.; shot put, 49 ft. 2 in., set by Walt Gomez of Hawaiian A. C.; discus, 115 ft. 7 in., set by Floyd Gonnella of Kappa Omega.

Team records are held by AZS in the broad jump with 60 ft. 2 in., and in the high jump with 16 ft. 9 in.; St. Mary's A. C. in the shot put with 125 ft. 2½ in.; and Kappa Omega in the discus with 298 ft. 9 in. As most track and field followers know, records are made to be broken, and today may put some new ones on the books.

The volleyball tournament continued on its merry way last week with the latest reports having Alpha Zeta Sigma out in front of the pack. The tourney, which was scheduled to end April 19, will have a play-off tomorrow in case of a tie for first place.

The softball pitching contest has been postponed until May 2, 3 and 4. It will be held on the patio in front of the gym.

## State Loses to S. F. Police, 8-7

A forceful San Francisco Police baseball team rallied for three runs in the last inning to defeat the Gators, 8 to 7, on their home field last Tuesday.

Big Joel Heckmann, ace Gator pitcher for the past two seasons but hampered all this year with a bad shoulder that had previously allowed him to work only 12 innings, turned in one of the best Gator mound performances of the year by limiting the powerful Policeman to two hits and five unearned runs through the first six innings.

But Heckmann tired and Coach Dick Boyle inserted his five-game winner, lefty Bob Beach, in the seventh and last inning to protect the Gator 7-5 lead.

Beach allowed two hits and three runs as, for one of the first times this season, he didn't have it.

State almost pulled the game out of the fire in their half of the seventh when they loaded the bags with two out. Captain Bob Quattrin, hustling third baseman, proceeded to unload one of the longest drives seen at Cox Field this year, (Continued on Page 5)

## Boiler Room Letters

Editor—For a number of years I have become increasingly aware of the lack of communication between the student body officers and the student body.

Very recently an interview with one of our student officers convinced me that there was a distressing lack of appreciation for the efforts expended by these personnel and the sacrifices made by them in order to perform the responsibilities of their offices.

It seems to me that to demand our elected officers to serve without pay is as unreasonable here as it would be outside the institution. Apparently many of our officers serve with the penalty of giving up opportunities for outside remuneration.

I would like to suggest a policy whereby our student officers would receive compensation, not only to ease whatever economic burdens may be involved in accepting nomination for office, but also, and I think this is of at least equal importance, to indicate recognition of services rendered.

As many of you know, for a number of years it has been a practice at the University of California to pay student body

officers and certain staff members of the Daily Californian. This system has resulted in the widespread recognition of the importance of student offices.

Not only are these officers provided with an allotment for the incumbents, but certain furnishings and secretarial help are made available, encouraging the efficient performance of duties.

Surely now, with a total registration exceeding 5000, it is not unreasonable to provide our officers and officers with the accoutrements of status and prestige commensurate with the developing status of this institution.

DAVID FREEMAN,  
Assistant Professor  
of Psychology.

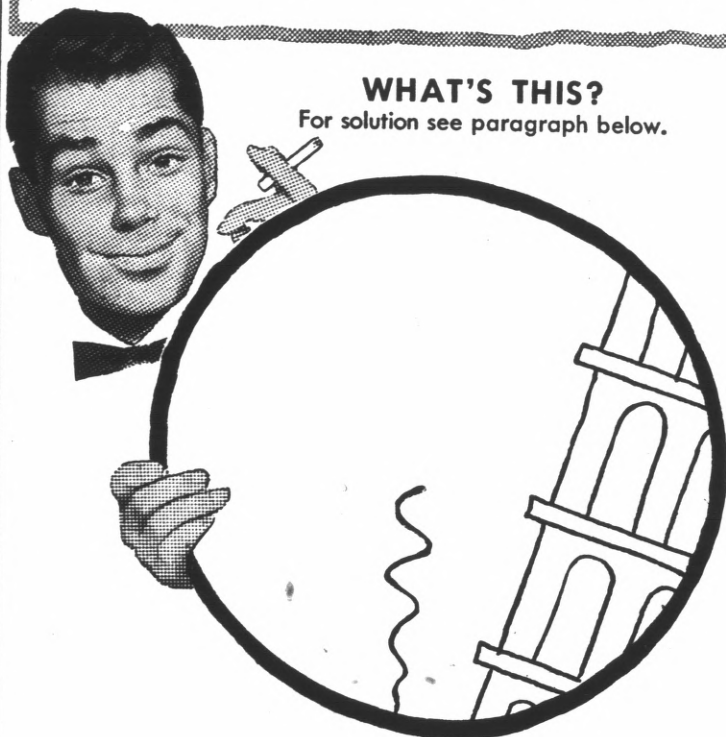

## Foreign Service Exams

Examinations for the Department of State foreign service officers will be given on June 24, throughout the United States.

Applications to take this examination must be received by May 2.

Information pamphlets, sample questions from the test and application forms are available at the placement office.

## A WHOLE CABOODLE OF LUCKY DROODLES!

WHAT'S THIS?

For solution see paragraph below.

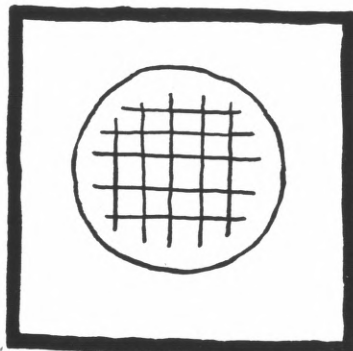

**A WONDERFUL SLANT** on smoking! You'll find it in the Droodle above, titled: Tourist enjoying better-tasting Lucky Strike while leaning against tower of Pisa. If your own *inclination* is toward better taste, join the many college smokers who prefer Luckies. From any angle, Luckies taste better. They taste better, first of all, because Lucky Strike means fine tobacco. Then that tobacco is *toasted* to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, good-tasting tobacco to make it taste even better. Little wonder that Luckies tower above all other brands in college popularity!

## Candidates for Secretary

### Sue O'Brien Runs For Secretary

CYNTHIA JONES

Please consider my candidacy for secretary of the ASSFSC. For some time I have been thinking seriously of what this office entails.

It means that I will have to be ready to assume a great deal of responsibility if I am elected. These responsibilities fall into three major categories.

First, I will have to have the general qualifications of a regular office secretary. I am a business major, concentrating on the field of secretarial training.

I have acquired such office skills as typing, shorthand, and the operation of business machines. Last semester, I was the secretary of the Public Relations Director of the Model U. N.

This semester, I have been taking minutes at one of the Model U. N. meetings. This summer I will have a job that will give me valuable experience in office administration and secretarial work.

Second, I will have to have a broad view of the activities that are carried on at San Francisco State, and I will have to subordinate my interests to the interests of the college. This won't be hard to do as I have on honest desire to contribute to a better and more efficient student government.

Third, and possibly the biggest responsibility, is that I will have to be willing to work. I'm not asking for an easy job. There is a challenge embodied in the role of secretary, and I will work hard to meet it.

During this time of accelerated growth of our campus, we will continue to need a smoothly running student government which will grow with the school, and anticipate as well as comply with the needs of the students and the student organizations.

Those officers who are elected need the support of the student body if they are to effectively administer their government. Show them they have your support and confidence by casting your vote in the approaching election.

## Formosan Forum To Be April 25

A discussion on United States foreign policy regarding Formosa and the islands of Quemoy and Matsu originally announced for this afternoon, Thursday, April 21, has been postponed to this coming Monday, April 25, at 10 a. m. in BSS 104.

Dr. Floyd Cave, professor of government; Dr. Charles McClelland, associate professor of history; Dr. Urban Whittaker, assistant professor of international relations; and Dr. Theodore Treutlein, professor of history will speak in the special forum conducted under the auspices of the Division of Social Science.

## For Activities Commissioner

VINCE RAFELLO

The spirit of San Francisco State is like the weather; everyone talks about it but no one does anything about it. I believe that it's time for some action.

In discussing the problems of school spirit with many students, I find that they have two major complaints. The first is that there are not enough activities. The second is that the present activities are not sufficiently varied in order to suit the needs of all the students rather than a select few.

Activities like the junior and senior proms, a 49er day, where students and faculty dress in that theme, the re-establishment of State Fair could be combined with guest speakers on world affairs and concerts on the lawn. (Why not? Our lawns can be used for something other than to look at.) The possibilities are unlimited. My aims would be

(Continued on Page 6)

## Dan Caldwell Runs For Activity Post

In the past the program of activities offered to the students has been tailored for the needs of only one group, this group being the freshman class.

If I am elected it will be my policy to present a variety of activities that will satisfy the needs of as many possible groups as can be conceivably done.

This is not to say that it will be my policy to do away with the "rah-rah" activities. To the contrary I feel that these activities are a necessary part of college life and help to make the newer students feel at home in a different environment.

Since the elections will be over in late April, and if through your support I am elected to the office, there will be ample time for those students who are interested in seeing a well-rounded program to discuss their ideas and help me in carrying them out.

Lack of space prohibits me from outlining my lengthy program at this time but I would be only too happy to discuss my ideas with anyone who wishes to have some concrete evidence of my interest in this office.

RUBEN GARCIA

I have had experience in the functions and organization of activities at this college through direct participation during the past year as director of Freshman "Night of Fun," and holding office as activities commissioner for Spring, 1955.

As a result, I'm familiar with problems confronting the job, including pros and cons on how activities have been planned in the past.

It can't be denied that there have been some errors made in planning and the performance of the organizational structure which has determined the quality and quantity of activities provided for students, but at the same time the total product has been of a high caliber, acceptable to the majority of students REALLY

## Rep Over 60 Units

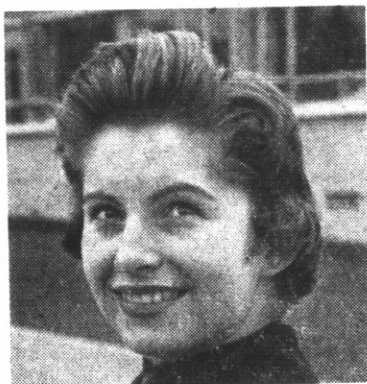

CHERIE DUCKWORTH

My goal as representative-at-large over 60 units would be the improvement of the methods of informing students of issues which concern them before these issues are acted upon.

Before students can be represented, they must have a knowledge of the subjects upon which I, as their representative, will be called upon to vote.

Lack of information causes mistaken opinion which in turn results in misunderstanding. If student government is for the students, let's let them knowingly decide their matters through their truly representative representatives.

## Rep-at-Large Under 32 Units

JO ANNE GORDOHN

A representative-at-large in any category has important responsibilities to both the students of the college and the Board of Directors. Good representatives will attempt to become a liaison between the Board of Directors and the students in the category which he represents.

This representative will also conduct research of various issues; securing opinions from other members of the Associated Students and consulting rules of parliamentary procedure, so that decisions made concerning certain issues will best benefit the entire student body.

As a member of the Activities Committee, I became oriented to committee organization and leadership and as a result of the experience received, was asked to record the minutes for the meeting of the Board of Directors.

As recorder, I became an ex-officio member of the board, expressing opinions and making suggestions concerning various issues. The knowledge of parliamentary procedure acquired in the job has proved of great value to me.

It has whetted my desire to become a voting member of the Board of Directors in order that I might meet any opportunity.

## The Cairo Restaurant

Specializing in Armenian and Eastern Mediterranean Foods. For an adventure in good eating, visit 77 Fourth St., between Market and Mission Sts.

Atmosphere

Dinners from \$1.50

Student government is sick. It is sick with the anemia a lackadaisical student body always carries. It is sick with the sores of its own isolated position.

This malady cannot really be blamed on individual attitudes. Group attitudes are the sponsors.

Still, the decisions made on Tuesday nights when the Board

BERNIE JOHNSTON

of Directors meet affect every student of this college. How much of the student body affects the Board of Directors?

I am a candidate for representative-at-large over 60 units. If elected, my efforts will be aimed at closing the gap between students and their government.

Brass bands, editorials, and noble promises are not enough to alleviate the problem. Interest and concern must be aroused. I'd like to try.

## Gator Nine Splits Two With Sacramento State

Gamely attempting to stay in the Far Western Conference baseball race despite the absence of four regulars, the Gators split a twin bill with Sacramento State on the home diamond last Saturday, losing 4-2 and winning 9-5.

KENNETH DEMPSTER

The responsibility of the representative-at-large over 32 units is to represent the students of that category. It is his job to feel the pulse of the students represented and take their suggestions and gripes to the Board of Directors. What does a candidate for this office need in the way of qualifications? He must first of all be an active member of the Associated Students; secondly, he must be familiar with the procedure of the Board of Directors; and thirdly, he must be willing to devote many hours to the student government of this college.

I feel that I can fulfill these qualifications for the following reasons: I am interested in student government and because of that I have served on the Activities Committee and the Board of Control; I am familiar with the procedure of the BOD because of my service on the BOC; thirdly, as I have stated already, I have spent many hours on student activities and am willing to do so again.

Remember to vote on April 21 and 22, and I would appreciate it if you vote for Ken Dempster for representative-at-large under 32 units.

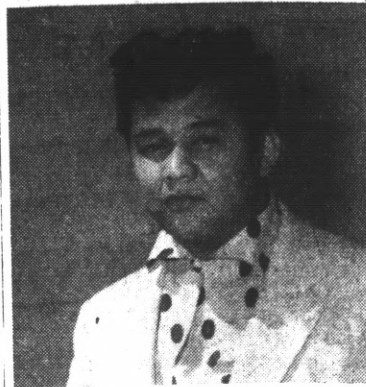

## Reps-at-Large, 32-60 Units

As president of the Freshman Class I came into contact with many problems which handicapped class planning. Some of these problems were:

1—Lack of orientation as to responsibilities.

2 — Inefficient communication, both in inter-class relationship and class-student government relationship.

I feel that something could

FRED BAGUIO

I, Fred Baguio, feel that I am qualified to run for representative-at-large under 60 units. I have served two semesters as a voting member of the Board of Control, Fall '54 and Spring '55. I was president of the Hui O' Aikane Club for Fall '54.

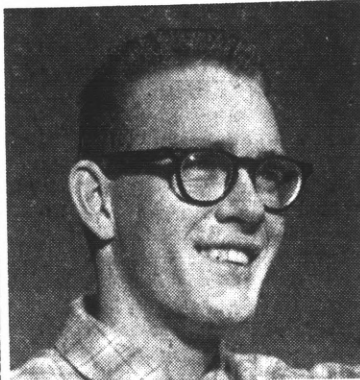

When I was in high school I was elected Freshman Class president, Junior class vice president and entertainment commissioner during my senior year. I participated in several oratorical conventions while in high school.

During my memorable hitch in the Air Force, I was personnel supervisor and also in charge of the weekly Airman Information Training Program.

## Winter to Lecture Here Wednesday, April 27

William Winter, internationally known news correspondent and news analyst, will lecture in the Main Auditorium Wednesday, April 27, 7:30 p.m.

Tickets for the lecture may be purchased at the Creative Arts box office. Admission price for students is 50 cents, general admission, \$1.

EDMUND SULLIVAN

and should be done concerning this.

If I am elected representative-at-large over 32 units, I shall endeavor to work toward an efficient program which will co-ordinate both class and student body affairs. My program will deal largely with orientation of class officers. I shall also attempt to bring closer relationships between officers of the four classes.

I feel that once the class officers are oriented to their duties they will have more time to devote to actual work.

I feel that I have served my classmates to the best of my ability, and that I would now like to serve them again as their representative-at-large over 32 units.

# NOTHING

(The Sum Total of This Column's Worth)

By HANK CUNNINGHAM

Among the many brands of athletics available to the members of this college there exists a sport that is perhaps the oldest, yet the least known to the majority of State fans.

I am referring to the "art of fencing." An art? To be sure, this pastime is both an art and a sport. It boasts an intriguing history, a portion of which is known to those of us who have been held spellbound by the fencing master (phony or otherwise) of Hollywood's Cyrano and D'Artagnan.

## Hollywood Has Nothing

Well, Hollywood has nothing on S. F. State, for in the Western Intercollegiate Conference Fencing Championship held recently at the University of California, State fencers defeated two universities and two colleges to capture the "A" tournament.

A glance at the scoring column revealed that the Gators topped Stanford 6-3, Arizona 5-4, Reed College 5-4, and Portland 6-3.

## Team Cooled in Three Hours

After winning this tournament the team had to wait over three hours before meeting the winners of the "B" tournament. According to Erich Funke d'Egnuff, fencing master of State college, "This long wait did the team no good and they lost the Rossi Trophy to Reed college by two points."

Allan Dorius, captain of the locals, twice made the winning touch against Reed and Arizona and was voted the most outstanding fencer of the tourney.

In short, S. F. State can add another feather to its cap, compliments to Mr. Funke d'Egnuff and his team.

## Golfers Enter NCI Tournament At Pasatiempo

San Francisco State's golf team, led by Captain Bob Moniz, will be represented in the Northern California Intercollegiate golf tourney which begins today at Pasatiempo and continues on Friday and Saturday.

Last year the Gators finished runner-up to Stanford but this year the prospects are not as bright. With Stanford as powerful as ever, and San Jose State possessing its best team in years it looks as if the Gators are out of the running.

Coach deGhetaldi, hampered by the lack of depth on his squad this season, has seen his team go down to defeat at the hands of Chico State, Sacra-

mento State, California, and San Jose State.

The latter defeat was by a resounding 25½-1½ score. All six members of the Spartans either equalled or bettered the one-over-par 71 fired by Gator Bob Moniz.

The San Francisco State golfers will meet two non-league opponents next week, San Jose State on Tuesday, and USF on Thursday. Sharp Park will be the site of both contests which will begin at 1 p. m.

## 119 Steps Up to Paradise Out of 'The Snake Pit'

By HERB DOWER

Parking, the number one problem on nine out of ten college campuses, is no real problem here (it says in small print). In fact, our "snake pit" is very beneficial to the athletic program of our fine school. Where else can you find such a natural training site as our 119 steps to paradise?

It has been in the back of my mind, the only part that I have, that a special mountain-climbing badge should be awarded to the student who makes the most trips up and down those stairs each semester.

Only necessary trips would count in the final tabulation, such as going to and coming from school, going for and coming back from lunch, going to the car for something you forgot (a swear word a step is my motto), etc., etc. Trips made purely for the exercise, or for a few extra points in the final tabulations would be disallowed.

Cheating must be considered in a contest of this scope and nature. No fair skipping steps or taking shortcuts! Anyone caught doing so will lose one point, and the loss of his Wilkie button for a day.

Speed is another element which might be considered. A contest could be held on the day after school lets out, timing all the contestants on a round trip up and down the stairs. Girls with tight skirts would be judged separately.

Prizes for the contest would be highly prized in your future years. How would you like to have a real mountain-climbing rope? Or a patent leather volume of "I Climbed the Matterhorn" written by an ant? Or our sterling tin mountain-climbing badge patterned after a Boy Scout merit badge? These can all be yours by simply signing up on the fourth floor of the Science Building.

## Moniz's 76 Leads Gators to Win

The "Good Neighbor Policy" was thrown out the window last week when the Gator golfers handed their cross-town neighbors, the University of San Francisco, a 20½-6½ trouncing at Sharp Park.

This meeting was originally scheduled for March 22 but was postponed because of the Don victory celebration at that time. The two teams will meet again April 28.

John Fry of the Dons captured medalist honors with a three-under-par 69. San Francisco medalist was Bob Moniz with a 76.

The Intramural horseshoe and badminton tournaments have gotten under way during the past week.

## State Loses, 8-7, To S. F. Police

(Continued from Page 2) but the Cop left fielder turned robber and made a miraculous catch, to end the game.

The Police tallied two runs in each of their first two innings, with State bouncing back for five of their own tallies in the fourth and a brace of runs in the fifth. The Police then added one run in their sixth, and their final big rally.

Winning Police pitcher was Wally Jones, who allowed State's hitters nine blows. He had to be relieved in the seventh by Roy Carrozi.

Heckmann was one of the big guns in State's offensive attack, hitting a single and triple and driving across three runs. Center fielder Stan Korich knocked in four runs with his two timely singles.

Each team made three errors.

## On Campus with Max Shulman

(Author of "Barefoot Boy With Cheek," etc.)

### LOVE IN REVERSE

They were at the campus swimming pool. She was standing on the diving board—lithe, young, vibrant. He came swimming over. "Hey," he called, climbing up on the board, "was it you who made that dive a minute ago?"

She nodded—lithe, young, vibrant.

"Whew!" he whistled. "That was some dive! A back jackknife two and a half twist full gainer swan. Where did you learn to dive like that?"

"I fell off the board," she explained.

"Oh," he said. He looked at her—lithe, young, vibrant. "Let's go steady," he said.

"But I don't know anything about you," she said.

"What's there to know?" he said. "I'm a typical American college man—young, healthy, and broke."

"That's good enough for me," she said, "for I am not interested in money. I am a girl of simple tastes—lithe, young, vibrant."

"Dad!" he whispered.

"Crazy!" she breathed.

Their lips met. Their arms twined. They fell off the board.

"If you only knew," he said later, as he applied artificial respiration, "how long I have been looking for a lithe, young, vibrant girl of simple tastes, for though my heart is large and full of love, my purse is lean and meagre. My cruel father sends me an allowance barely large enough to support life. So I have been looking high and low for a girl of simple tastes."

"Search no more," she said. "My tastes are simple; my wants are few. Just take me riding in a long, sleek, new yellow convertible, and I am content."

"Goodbye," he said and ran away as fast as his chubby little legs could carry him, for he knew this girl was not for the likes of him. He had neither convertible nor hardtop, nor the money to buy one, nor the means to get the money, short of picking up his stingy father by the ankles and shaking him till his wallet fell out. No, there was nothing for it except to forget this girl.

But lying on his pallet at the dormitory, he could not get her out of his mind and finally he knew that whatever the expense, he had to have her—lithe, young, vibrant.

So he sold a few things—his textbooks, his overcoat, his hi-Y pin, his roommate's truss—and soon he had accumulated a goodly sum. He went to a place that sold automobiles. "How much does it cost," he said, "to buy a yellow convertible automobile?"

The man told him. He collapsed in a gibbering heap.

After a while he stirred and shambled home. But on the way he passed a place with a big sign that said: RENT A CAR—DRIVE YOURSELF. Hope came into our hero's eyes. He went inside. "How much does it cost," he said, "to rent a yellow convertible automobile?"

"Ten dollars a day, plus seven cents a mile," said the man. "Done and done," said our hero, and soon he drove away in a long, sleek, new, yellow convertible.

"Oh, goody!" said the lithe, young, vibrant girl when she saw the car. "This suits my simple tastes to a T. Come, let us speed over rolling highways and through bosky dells."

And away they went. They drove north, they drove south, they drove fast, they drove slow, they drove east, they drove west, they drove and drove and drove and, finally, tired but happy, they parked high on a windswept hill.

"Philip Morris?" he said.

"Yum, yum!" she said.

They lit up. She snuggled against him. "You know," he said, "you are like a Philip Morris—mild and fresh and relaxing."

"But there is a big difference between me and Philip Morris," said she. "They're available in king-size and regular, and I am only available in regular."

They laughed. They kissed. He screamed.

"What is it, dear man?" cried she, alarmed.

"The speedometer," he said. "I just noticed. We put on 200 miles tonight, and this car costs seven cents a mile, and I have only \$14 left."

"But that's exactly enough," she said.

"Yes," he said, "but we still have to drive home, and that will put a lot more miles on the car. Where will I get the money to pay for that?"

"Gee, I don't know," said she.

"Me neither," he said glumly. He started the motor and backed out of the parking place.

"Hey, look!" said the girl. "The speedometer doesn't move when you're backing up."

He looked. It was true. Mileage only registered when the car was moving forward—not in reverse. "Eureka!" he said. "That's it!"

"Do you mean—" said she.

"Exactly!" said he. "I will drive home in reverse. Then no more miles will register and I'll have enough money to pay!"

"I think that's a George idea!" she cried, and she was right. Because today our hero is in the county jail where food, clothes, and lodging are provided free of charge, and his allowance is piling up fast. By the time his sentence is ended, he should have enough to take his girl out riding again.

## Look for the Spalding "Tennis Twins" Wherever Top Tennis Is Played

There are good reasons why Spalding's tennis twins are used in more major tennis tournaments than all other tennis balls combined.

Top players want a tennis ball that can take rough treatment . . . and give uniform performance set after set. They pick the Spalding and the Spalding-made Wright & Ditson over all others for uniform wear and better bounce qualities.

Put the best ball in play for your best game. The pick of top tennis men . . . Spalding's famous tennis twins.

Your dealer has them now.

## Election Dance Tomorrow; Proceeds to Go to WUS

Results of the 1955 fall student body elections will be announced at a dance to follow the elections tomorrow at 9 p. m. in the women's gym.

All proceeds of the dance will go to the World University Service Fund, sponsored annually to raise money for scholastic supplies to be sent to needy foreign countries.

In keeping with this theme, the gym will be decorated with flags of each member nation of the United Nations. Decoration chairman will be Marilyn Derichs.

Jack Marchi, general chairman of the dance, has announced that the band of Milton Chapman and the Accident-

als, a local singing group will appear.

Refreshment committee will be headed by Bill Minucciani, cloak room by Cherie Duckworth, and finances by Lois Gotelli. The floor committee will be headed by Ken Gogstad.

The dance, which will be sport, will be \$1.50 per couple, \$1.00 stag.

### JOB OFFERINGS

The San Francisco State college Placement Office has announced that representatives from the Shell Oil Company will be on the campus today at 9 a. m. to recruit men applicants interested in the fields of finance, accounting and statistics.

Monday, April 25, the California Packing Corporation will send representatives to interview applicants interested in the fields of accounting, sales, and office personnel.

At a recent meeting of Beta Pi Sigma, Natural Science Fraternity, the group unanimously voted approval of sponsoring a chess group.

### NO PICTURES FOR FIVE CANDIDATES

Due to Gater deadlines, we regret that the pictures of the following candidates for student body offices do not appear in the paper: Suzanne O'Brien, candidate for secretary; Dan Caldwell, candidate for activities commissioner; Walter Warren and Stan Lager, candidates for representative-at-large over 60 units; Mike Mahan, candidate for head yell leader.

### State Forum Presents Holmes and Maxwell

State Forum will conduct the second in a series of open forum events when LeVell Holmes and John P. Maxwell, candidates for student body president, present their platforms and entertain questions from the audience.

This forum will take place at 1 p. m., today, in the Education Building, Room 117. The discussion and debate will be governed by the rules of State Forum and the chairman will be Will Finck.

### Twenty-One Plus Club

Twenty-One Plus Club (for all students over the age of 21) will meet at noon Thursday, April 21, in the Activities Room of the Administration Building.

### Candidate for Yell Leader

JACK PEASE

### Dale Christensen

(Continued from Page 1) counselor at Frosh Camp in September.

I believe that organizations can be stronger through help and proper usage of the Organizations Board, and, if elected, I intend to see them assume their rightful place in our college society.

### Jo Anne Gordohn

(Continued from Page 4) tunity to see passed some of the issues that will arise providing for more student participation in the government of the Associated Students.

### Vince Rafello

(Continued from Page 3) to find out what all the students want and try to give it to them.

I am majoring in Recreation Leadership, have been student director of the Gator Swamp, and currently I am manager of the baseball team.

Looking forward to a semester of spirit and enthusiasm, I remain Vince Rafello, candidate for Commissioner of Student Activities.

### Ruben Garcia

(Continued from Page 3)

interested in school activities.

We're started toward the goal which I believe should be the aim of the activities commissioners' job: that of providing and co-ordinating extra-curricular activities which are of INTEREST TO and INVOLVE the MAJORITY of students.

I've started working on this idea by asking for a budget of nearly \$3400 through the Board of Control for the coming year.

With good financial support, activities can be planned for the spring semester as well as the fall. If elected to the position of activities commissioner, I will do my best in planning activities for YOU, the students.

### 'ARENA THREE '55' RUNS NEXT WEEK

"Arena Three '55," composed of three one-act plays, will be presented by the San Francisco State Drama Department and the Players' Club on April 28, 29, 30, at the college's Circle Theatre, 8:30 p. m.

### Art Films Shown Today

An hour-long program of four films will be presented by the Art Club and the Creative Arts Division today at 12:10 p. m. and again at 4 p. m. in AI 109.

### Choir Presents Program

The S. F. State a Capella choir, under the direction of Dr. John C. Tegnell, will appear in a concert on Tuesday, April 26, 8:30 p. m. in the Main Auditorium. Excerpts from "L'Enfance du Christ" and "Sacred Service" will be included in the program.

Admission to the concert is free.

### Brenner Performs Here

S. F. State Creative Arts division will present Mr. Vladimir Brenner, pianist, in a special recital Monday, April 25, 8:30 p. m. in the Main Auditorium.

Reservations are now being taken at the Creative Arts box office, JUniper 6-3536, 1-4 p. m. daily. Admissions are: General, 90 cents, and Students, 60 cents.

### WASSERMAN LECTURES

Dr. Louis Wasserman will lecture on "The Human Basis of Political Behavior" Tuesday, April 26. The lecture is sponsored by the International Relations Club.

### John P. Maxwell

(Continued from Page 1) ciated Students, publishing nationally circulated journals and magazines.

5—Master Activities Calendar: There has never been a properly co-ordinated calendar of events on campus. It is my intention to create one.

6—Publicity and Public Relations: Smaller colleges receive better publicity than do we. I will rectify this omission in all facets of student activity by hiring a student to handle it.

### LeVell Holmes

(Continued from Page 1) ities by encouraging more jointly sponsored projects which will include more students, and increase greater student interest.

The reduction of prices in the College Union can and will be accomplished only when there is full co-operation between the students and the manager of the College Union.

I feel that my past experiences have prepared me to work with all the people who are in a position to alleviate most of the problems with which student government and you are faced.
